CARE AND CLEANING INFORMATION

C: Crypton Cleaning

CFC: Coated Fabrics Cleaning – Refer to Mayer website for complete cleaning info.

W: Water-Based Cleaner

WS: Water/Solvent Cleaner

Boro, Caressa, Essence, Kantha, Lotus, Mingle, Sutra

Bleach Cleanable – 1 part bleach, 9 parts water = 10% bleach, 90% water solution. Do not clean/disinfect fabric for longer than 10 minutes using the 10% bleach solution. Always rinse promptly with clean water after applying the bleach solution. Failure to do so will void any and all warranties.

For additional care and cleaning information by pattern, please refer to the Mayer Fabrics website.

ADDITIONAL INFORMATION

CAL TB 133: All patterns may comply with California Technical Bulletin 133 when combined with appropriate components.

^Abrasion: Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.

Digital Swatch Card Color Matching: Due to color variations on different monitors and color printers, actual swatch colors may vary slightly. Please request a memo sample from Mayer Fabrics to ensure proper color representation.

Custom Capabilities: All patterns can be custom colored. Minimum yardage applies.

Specifications: Specifications are correct at the time of printing. Additional specifications are available on our website.

These fabrics meet or exceed these ACT performance guidelines.
