

The La-Z-Boy Difference

What?	Why?	Who Might Care?
No-Tool Removable Back {standard on most models}	Easily Access Interior of Unit for Cleaning	Environmental Services Infection Control
<i>LiquiCell®</i> Technology {standard on all mobile medical recliners}	Helps Reduce Incidence of Pressure Ulcers	Nursing Wound Care
Breakaway Footrest	Virtually Eliminates Broken Scissors Mechanisms {common failure point on many recliners}	Facilities Maintenance Department
Unitized Mechanism	Replacement or Spare Mechs are Easily Inventoried {eliminates 'bag of parts'}	Facilities Maintenance Department
No Cardboard or Exposed Raw Wood in Undercarriage	Suitable for Use in Healthcare Environments {where spills & bodily fluids are an issue}	Infection Control
Seat/Arm Cleanout	Discreet Gap between Seat Cushion & Arm Panel {eliminates trapped fluids & objects}	Environmental Services
